

Section 1: The Multi-Column Test

Below are two columns. One is about Space, one is about Cooking.
If the bot reads this wrongly, it will bake a rocket.

Column A: Space Mission

The Mars Mission is critical for humanity.
The rocket uses liquid hydrogen fuel.
Launch is scheduled for 0900 hours.
Astronauts must wear pressurized suits.
Gravity on Mars is 38% of Earth's.
The landing zone is Jezero Crater.

Column B: Apple Pie

To make a perfect Apple Pie, start with dough.
Mix flour and butter until crumbly.
Preheat the oven to 375 degrees.
Peel and slice the Granny Smith apples.
Sprinkle cinnamon and sugar freely.
Bake for 45 minutes until golden brown.

Section 2: The Table Test

Here is the financial data for Q3 2025.

Department	Revenue (M)	Cost (M)	Profit (M)
Cybernetics	\$500	\$200	\$300
Bio-Labs	\$150	\$100	\$50
Security	\$800	\$400	\$400
Logistics	\$120	\$110	\$10
TOTAL	\$1570	\$810	\$760

Key Insight: Security is the most profitable sector.
Note: Logistics has the lowest margin.
